

Raphael Pooser

Intelligence Community Postdoctoral Fellow, National Institute of Standards and Technology, rpooser@nist.gov

Goals:

I seek to put my experience in quantum optics, nonlinear optics, and quantum information to use in new ways by applying my unique problem solving skills to projects with broad impact. I wish to expand my horizons and apply my experience to interesting problems in new fields.

Education:

- **University of Virginia**; PhD, Engineering Physics; research in Quantum Optics and Quantum Information; enrolled September 2001 - May 2007.
 - **New York University**; BS, Physics, Cum Laude (cum. GPA 3.8, Dean's list); enrolled September 1998 - May 2001.
-

Research Experience:

- **National Institute of Standards and Technology: Intelligence Community Postdoctoral Fellow**, June 2007-current
 - Performed research in quantum imaging, quantum optics, and quantum information with nonlinear optics
 - Designed and built high-power solid state lasers for use in study of nonlinear optical processes
 - Delivered talks and posters at national and international conferences
 - Published scientific articles in *Science*, *Nature*, and *Physical Review Letters*
 - **University of Virginia: Graduate Physics Research Assistant**, August 2001 - May 2007
 - Performed nonlinear optics experiments using both pulsed and continuous wattage lasers
 - Designed and tested new types of nonlinear optical crystals for use in quantum information experiments
 - Designed, built, and operated optical parametric oscillators above lasing threshold
 - Performed supporting theoretical calculations in both nonlinear and quantum optics
 - Published papers on theoretical and experimental quantum optics in *Optics Letters* and *Physical Review A*
 - **Lehigh University: Undergraduate Research Assistant**, June 2000 - August 2000
 - Performed theoretical calculations to compute the deuteron form factors in nuclear physics.
 - **Indiana University Cyclotron Facility: Undergraduate Research Assistant**, June 1999 - August 1999
 - Performed experimental research measuring cosmic ray muon decay in lead glass photon detectors
-

Teaching Experience:

- **National Institute of Standards and Technology**, June 2007 - August 2007
 - Taught a quantum optics course to senior level undergraduates
 - **University of Virginia: Teaching Assistant**, January 2006 - May 2006
 - Held study sessions, tutored students, and graded papers for an advanced Photonics course.
 - **New York University: Teaching Assistant**, September 2000 - May 2001
 - Answered questions online and graded assignments for C-programming class.
-

Public Speaking Experience:

- August 2002 – December 2004: served as spokesperson for the Boys and Girls Clubs of the Tennessee Valley and Boys and Girls Clubs of America; traveled to various first and third party conferences and meetings hosted by the Club to deliver speeches intended to motivate attendees to the Boys and Girls Club's mission; audience size ranged from 50 to 1,500.
 - One time spokesperson for the United Way, Knoxville, TN in annual fund raising campaign, September 2003.
-

Skills:

- Fluent in C programming language. Have working knowledge in C++ and Fortran.
- Fluent speaker of the French language
- Experienced with building fast RF electronics; soldering surface mounted electronics
- High level of practical knowledge and familiarity with the following computer software programs via usage on a routine basis:
 - Mathematica, Gnuplot, Igor Pro, Labview, LaTeX

Raphael Pooser

Intelligence Community Postdoctoral Fellow, National Institute of Standards and Technology, rpooser@nist.gov

Recent Honors and Awards:

- First place in Sigma Xi annual poster competition at National Institute of Standards and Technology, Feb., 2009.
 - Awarded Intelligence Community Postdoctoral fellowship at National Institute of Standards and Technology, 2007-2009.
 - First place in the Department of Physics annual research poster competition at UVA, April 2005.
 - Upper Class NSF SELIM fellow at UVA, September 2004 - May 2005.
 - Awarded Distinction title for high Statistical and Classical Mechanics PhD qualifying exam scores, April 2003.
 - Awarded NSF IGERT Fellowship within SELIM program at UVA, October 2001-May 2003.
 - Received Dean's fellowship from Engineering school at UVA, August 2001-May 2004.
 - Inducted to Sigma Pi Sigma, physics honor society, May 2001.
 - Awarded George Granger Brown scholarship from NYU for academic merit in physics, January 2001.
 - Awarded \$5000 scholarship from Varsity-Books.com based on academic merit, August 2000.
 - Received College of Arts and Sciences Grant and Scholarships from NYU, 1998-2001.
 - Received \$1000 Talbots Scholarship from Talbots corporation, August 1999.
 - Received full Scholarship to attend Webb School of Knoxville, August 1996-May 1998.
-

Publications:

- R. C. Pooser, A. M. Marino, V. Boyer, P. D. Lett, *Effect of isotope and transition frequency on squeezing in alkali vapors*, in preparation.
- R. C. Pooser, K. M. Jones, A. M. Marino, V. Boyer, P. D. Lett, *Low-Noise Amplification of a Continuous Variable Quantum State*, in press.
- A. M. Marino, R. C. Pooser, V. Boyer, P. D. Lett, *Tunable delay of EPR correlations*, *Nature* **457**, 859-862 (12 February 2009). Featured in *News and Views in Nature* **457**, 798-799 (12 February 2009).
